

**Built for 24/7 wear and an active lifestyle. A 42mm aluminum case, black silicone band, and 1.3" circular LCD display make a premium timepiece with all the benefits of state-of-the-art wearable technology.** Notifications, reminders, dynamic health tracking features and more than 26 sport modes help you establish routines and get more from your grind. The Moto 100 is a comfortable addition to your wrist that helps you unlock your potential.

### **Up to 2 Weeks Battery Life**

By delivering the functionality you need without the battery-draining apps you don't, the moto watch 100 has a dramatically extended battery life.

### **So Light, It's Effortless**

Stylish aluminum smartwatch equipped with dynamic health tracking including 26 sport modes. Lifestyle features and smart notifications put your finger on the pulse of self-improvement.

### **Look Good, Live Better**

A 42mm aluminum case, black silicone band, and 1.3" circular LCD display make a premium time piece with all the benefits of state of-the-art wearable technology.

### **All-New Moto OS**

A streamlined experience focused on health and routine dramatically increases battery life.

### **Be A Better You**

Glance at your wrist for detailed stats, goals, and biometric data: heart rate, sleep tracking, weight tracking, and blood oxygen levels.

### **Leave Your Charger at Home**

With a battery boasting up to 14 days of full-time use, one 60 minute charge lasts longer than the fresh produce in your fridge!

### **Follow Your Heart**

Understanding your health has never been easier with a beautifully designed interface showing heart rate, sleep tracking, blood oxygen levels, and more.

### **Gain Health Insight at Home**

The human body requires and regulates a very precise and specific balance of oxygen in the blood. SPO2 sensor measures your blood oxygen levels to track your body's response to exercise.

### **Stay Active However You See Fit**

Heath tracking is delivered through an accelerometer, gyroscope, heart-rate monitor and SPO2.

### **We're Out of Our League**

Heath tracking is delivered through an accelerometer, gyroscope, heart-rate monitor and SPO2 sensor. The Moto 100 punches above its weight with 26 sport modes and 5ATM water resistance to let you be active however you see fit.
